**BIOKLEEN DISTRIBUTION, MOTOVAN CORP
Earth Friendly Cleaners Hope to Satisfy Demand in Canada**

Two lines of Powersports cleaning products, [Bike Magik motorcycle cleaners](#) and [SledBrite snowmobile cleaners](#), from [Bio-Kleen Products, Inc.](#) (Kalamazoo, MI) are now distributed through [MOTOVAN CORPORATION](#) (Boucherville, QC) throughout Canada. Bio-Kleen Products focuses on producing environmentally friendly cleaners that remain effective over more hazardous products in the industry. This new partnership has also given Bio-Kleen an opportunity to refresh their packaging. The packaging is sporting an updated look as well as Bilingual labels with both English and French descriptions and directions.

“We are very excited about MOTOVAN carrying our products; we’ve had such a demand from Canadian customers over the last year that it has been tough to satisfy. To be able to present these products through such a notable company is a pleasure,” stated Blake Bancroft, marketing and design director for Bio-Kleen Products. “The demand for green products continues to grow, and I believe Canadian consumers are more product conscious. We believe the response will be significant.”

“As soon as we met the people at Biokleen, we realized how serious those guys are about making 100% biodegradable cleaning products. The best part is, it is as powerful as any other non-biodegradable cleaning products. We are proud and happy to distribute Biokleen products in Canada” stated Mario Peloquin, purchasing manager for Motovan Corporation.

MOTOVAN CORPORATION – Established in 1980, Motovan imports, exports, distributes and manufactures after-market replacement parts and accessories for motorized recreational vehicles (Motorcycles/MX, ATVs, snowmobiles). Motovan is the Canadian leader in the distribution of parts and accessories, boasting the largest network of powersports dealers in Canada. All reference materials, catalogs, industry information, press releases and product features can all be found on-line for your convenience at: www.motovan.com -“The Source For Powersports Parts And Accessories”.

Bio-Kleen makes earth-friendly, biodegradable, non-toxic, non-aerosol products for the snowmobile, motorcycle, marine and RV, household, automotive, and commercial industries; allowing them to service just about any kind of application you may have. All products are backed with a 30-day money back guarantee and they offer free technical advice to help walk you through your cleaning applications.
