FOR IMMEDIATE RELEASE (2/10/2014)

Bio-Kleen Introduces GPS, Fish Finder Technology Cleaner

Makers of Biodegradable Boat Cleaners Create "Screen Cleaner" Technology Cleaner

Kalamazoo, MI – Bio-Kleen, manufacturer of biodegradable cleaning products, has added [Bio-Kleen Screen Cleaner](#), a *technology cleaner*, to their Marine/RV/Auto line of cleaning products. Screen Cleaner safely cleans high-dollar marine and RV technology such as fish finders and GPS navigation units making it an essential tool for all fishermen, boaters, and recreational enthusiasts alike. Professional bass angler Jonathan VanDam successfully tested the Screen Cleaner throughout the 2013 Bassmaster Elite Series and had a few words to say about it in the [video](#) below. Screen Cleaner has already received the award for **"Best New Item" in 2014** from Northern Wholesale Supply.

Bio-Kleen Screen Cleaner is more than just a cleaner for fish finders and GPS, you can safely clean all types technology, sensitive screens, glass and electronics including: cameras, cellphones, sunglasses, eyeglasses, tablets, laptops, HDTVs, LVD, LED, plasma displays and other electronics. Screen Cleaner removes fingerprints, water spots, dust and build-up. Its an easy to use cleaner that creates an anti-static surface and does not contain ammonia or alcohol. Not to mention it's non-toxic, biodegradable and Made in the USA. Available in a 4oz pump sprayer bottle and comes with a microfiber towel for \$12.95.

Bio-Kleen Products, Inc. has produced American made, biodegradable cleaning products since 1987: guaranteed to outperform leading brands and help maintain a clean, healthy and sustainable lifestyle. Bio-Kleen manufactures a complete line of [boat cleaning products](#) for cleaning, detailing and protection for the entire boat, trailer and accessories. In addition to marine cleaners, Bio-Kleen makes environmentally friendly cleaning products for the RV, snowmobile, motorcycle, household, automotive, and commercial industries; allowing them to service just about any kind of application you may have.
