FOR IMMEDIATE RELEASE (6/5/2012)

Glass Cleaner Added to Specialty Cleaning Products

Bio-Kleen Includes "Glass Kleen" with Marine/RV/Auto Line of Cleaners

Kalamazoo, MI – Bio-Kleen, manufacturer of specialty green cleaning products, has added [Bio-Kleen Glass Kleen](#), a glass and all surface cleaner, to their Marine/RV/Auto line of cleaning products and it is now included within the product line brochure. Glass Kleen had previously only been included with the company's household line of cleaners. Bio-Kleen decided to add it with their popular Marine/RV/Auto line because of demand and requests from customers and its natural fit into cleaning applications for all styles of boats, recreational vehicles and automobiles.

Bio-Kleen Glass Kleen is a glass and all surface cleaner that is used to clean a wide variety of hard surfaces including: windows, mirrors, counters, Formica, floors, ceramic tile, chrome, appliances and of course windshields. This is a quick and easy cleaner that you simply spray on and wipe clean, leaving the surface streak-free and sparkling clean. Bio-Kleen Glass Kleen is a robust cleaner that will remove fingerprints, smoke film, regular build-up and even clean up dirt and grease. Its use will mostly be the windshields and glass on vehicles throughout the marine, rv and automotive industries but it can also be used to effortlessly clean chrome and throughout the interior of RVs. Bio-Kleen Glass Kleen is available in a variety of sizes including 32oz, 1 Gallon, 5 Gallon and 55 Gallon.

This product has the same cleaning quality and environmentally safe attributes that Bio-Kleen has become known for. Bio-Kleen Glass Kleen is ammonia free unlike many traditional glass cleaners. It also has no artificial fragrance added and is biodegradable, non toxic, non aerosol and ozone safe. The product is included in [USDA BioPreferred](#)® - a program from The United States Department of Agriculture which tests and approves products with biobased content in order to promote and expand green products, reduce petroleum consumption, increase the use of renewable resources, better manage the carbon cycle and contribute to reducing adverse environmental and health impacts.

Bio-Kleen Products, Inc. has produced American made, biodegradable cleaning products since 1987: guaranteed to outperform leading brands and help maintain a clean, healthy and sustainable lifestyle. Bio-Kleen manufactures a complete line of [boat cleaning products](#) for cleaning, detailing and protection for the entire boat, trailer and accessories. Bio-Kleen tours the country with their own "Bio-Kleen Boat," a 35' Café Racer Cigarette which is used in pokerruns and Make A Wish® charity events throughout the year. In addition to marine cleaners, Bio-Kleen makes environmentally friendly cleaning products for the RV, snowmobile, motorcycle, household, automotive, and commercial industries; allowing them to service just about any kind of application you may have.
